Dean
School of Physiotherapy
MNR University
Dr. D. Chandra Mouli Krishna
Assistant Professor, SOP
MNR University

CBT Techniques for Geriatric Mental Health
• Cognitive Restructuring (Changing Negative Thoughts)
• Goal: Identify and reframe unhelpful thoughts like:
• "I am too old to be useful."
• "I'm a burden to my children."
• Technique:
• Help them notice the thought → question evidence → replace
thought.
• Example: "I can't do everything like before, but I still can
wisdom and caring for my family."
